

THE REPAIR, CONSERVATION & RESTORATION OF THE
13TH CENTURY FORBURY CHAPEL

HOT LIME MORTAR DEMO & BEHIND THE SCENES TOUR

Hot lime mortar expert, Nigel Copsey, will be demonstrating the technique and sharing the latest news on using this method for the restoration and conservation of listed buildings. Join in a guided tour of the Chapel to see all the restoration work carried out by Croft Building & Conservation Ltd, and a heritage interpretation project update from development worker, Cath Warren.
